Instructions: Print on cardstock and laminate. Cut cards out. I've included labels with both the track and the picture of the animal so that you have lots of options. You can discard one label and cut apart use the track picture, the animal picture, and the other label. You can keep the label on either the track or animal card, and cut it off of the other. Any way you decide to use these cards, kids will have fun learning about animals and their tracks!
