Start

To use this game, you will need:

- 1) A playing piece for each player (coins, colored discs, skittles, small plastic animals)
- 2) One die

To make: print both pages on card-stock and laminate. Cut out the cards on page 2.

To play: put all the cards face down in a pile on the board.

All the players should put their pieces by "start". Have each person roll the die once; the person with the highest roll starts. Then go in a circle from left to right.

For each turn, the player rolls the die and moves his piece the right number of places, and follows the directions on the square. They remain on that square until their next turn.

If they draw a card and are unable to do what the card commands, they should stay on the square and wait until their turn comes around again and pick another card.

This game is meant for review; the children playing must be very familiar with consonant blends (blue series words) already.
